Customer Reviews

I love to check out any cookbook that helps me to spice up my meals. I also believe this cookbook would be great for someone who's just learning how to cook with spices. It gives you a lot of information about different spices that can be used together and a lot more. Thank you and enjoy

your meal and enjoy your day.

I liked the book until the end...the free extra books link at the end took me to an AshleyMadison website with a naked women on it. Bullcrap and disgusting. Someone needs to check that garbage.

Good insights on basic spices and sample recipes. Great for beginner cooks like myself.

Not what I expected. Wish it had more detailed recipes.

some helpful hints & good recipes
