## Customer Reviews

I wanted information on Washington and this is a book that has delivered. I only wish it was a large picture book, then I would have enjoyed it more. It has many pictures, good maps and much information, but as I said it would have been GREAT as a large picture book.

DC is the one and only city on earth I can go and visit and tour and never find out there is "nothing else to see and learn."This book provides a lot of ideas as to what to see and where it's located.

Thought it would be a bigger book.
