Cross Stitch Sampler Book: 15 Beautiful Samplers, 400 Different Motifs

Synopsis

Inspired by a wide variety of subjects—“the natural world; the shapes, colors, and patterns of pottery designs of the 1950s and 1960s; sweets and cakes; baby toys and clothes; parties and special occasions; and crafts such as sewing, knitting, and patchwork”—this collection of cross-stitch motifs has something for everyone. The designs can be stitched as one whole piece or used to embellish items such as tea towels, aprons, tablecloths, pillowcases, shopping bags, make-up bags, purses, and clothing: any textile item you’d like to decorate. The book includes easy-to-follow cross-stitch charts and boasts an easy-to-carry size. With a wealth of design options, any crafter can be as creative as he or she likes.

Book Information

Paperback: 96 pages

Average Customer Review: 4.8 out of 5 stars—See all reviews (5 customer reviews)

Best Sellers Rank: #336,543 in Books (See Top 100 in Books) #99 in Books > Crafts, Hobbies & Home > Crafts & Hobbies > Needlecrafts & Textile Crafts > Cross-Stitch

Customer Reviews

This is a great book of samplers of varying types. For myself, I won't be using the designs as a sampler but instead, I will be using the individual components as motifs for many projects. There is everything from sewing motifs (which I will use frequently) to baby items to china to herbs and many many more. While some of the motifs seem to be on their side and you may want to stitch them upright, the best thing about cross stitch is that it is based on squares. All you need to do is orient the pattern in the direction you wish to stitch and you will put something sideways into an up and down position. I think this is a great book for beginners as each of the motifs is really a tiny design and one that can be accomplished fairly easily. As you feel more and more comfortable, you can consider doing a full sampler. This is also wonderful for the more experienced stitcher to have a ton of extra designs to be able to use to customize projects.

I love the variety and unusual objects included in this excellent collection. Highly recommended!It's particularly helpful to be able to use the items individually, and to have them organized into samplers already.

Good product!

I LIKE ALL HER DESIGNS. GREAT!!!

thank you
