Kari Mecca's Whimsy Flowers & Trims: Sewing Embellishments With Ribbon & Fabric

Synopsis

Add a touch of whimsy! Learn how to make gorgeous embellishments using Kari Mecca's Whimsy Sticks. Create flowers, trims and medallions with unlimited variations and arrangements in all types and sizes of ribbon. Add stems and leaves to complete your lovely creations or add beads and buttons before attaching them to dresses, bags, pillows or whatever you may desire. Included in the book is a full set of punch-out Whimsy Sticks that you can use right away. Make any of the lovely flowers or trims in the book, then experiment with your own designs using the included variations and inspiration gallery as a guide.

Customer Reviews

Beautifully photographed, but actually not terribly clear on the directions. I tried several of the designs and none of them looked at all like the pictures. The sticks are expensive, the instructions complicated and difficult to follow, and the pictures don't show what you actually need to know. I am glad I borrowed a copy from my local library before purchasing the book - I have much better results with the "old fashioned" methods

So excited for this book...and even more excited that it comes with cardstock whimsy sticks to punch out. I was worried I would have to find the sticks elsewhere. I'm inspired to put flowers on everything, especially doll outfits!

Very good and has clear diagrams , instructions are written clearly ,easy to follow .one can get the materials from her web site .

The book lived up to all my expectations. I've already made several flowers.B.Nowell

All great books. The needles were a surprise. Didn't know I ordered them.

I'm enjoying this book a lot the directions are very clear and the finished product is beautiful. I've made one flower and I'm really pleased with the result

I had previously purchased Kari's books, Sewing with Whimsy and More Sewing with Whimsy...Fantastic, by the way!!!!...I was so interested in learning more of her flower design methods, so when I saw this book I jumped at the chance to get it...Beautifully written, lots of good pics to help you, and the designs!!!!...what can I say?...Stunning!!!

So many fun and beautiful things to make. Have not found time yet to play with it, but I know it will be lots fun!
