# All Things Marshmallow: Melt-in-the-mouth Deliciousness

## Synopsis

Move over macaron! A new sweet sensation is here: the gourmet marshmallow. And who better to share artisanal recipes than Ross O'Brien and Amy Nelson, the cutting-edge marshmallow-making duo that formed the Marshmallow Company? They've gathered an original selection of 100 mouthwatering and visually stunning marshmallows in an array of flavors, many with elegant toppings and beautiful layering. Create mallow pops, the ultimate s'mores, hot chocolate marshmallow floats, and swoon-worthy treats like The Wimbledon: layered strawberry and Madagascan vanilla marshmallows topped with white chocolate and a strawberry slice! Every page will have you salivating.

## Customer Reviews

I was so excited to get this book, but was a bit disappointed when I got it. Almost all the recipes called for eggs. If you are a little more adventurous then me maybe this won't be a problem for you. That said I am pleased to say that although I have not yet been able to make any marshmallows the directions seemed very clear and I am confident that I can produce the one or two recipes with out eggs. Also I like the way they make the fruit flavors, using....ready.. real fruit or fruit pulp, not extracts and dyes. Some of the recipes do call for ingredients that sound a little odd and hard to find, but I think its just because the book was written by or for English kitchens and I just have not found the U.S equivalent. All said although the book was not exactly what I was hoping for I do feel that it was worth it and I did learn a lot. I would buy this again just maybe used or on sale.

These are totally fun to make. It's a nice book, although there is some errata in at least one recipe.

Yum!! Detailed instructions for creating DELICIOUS marshmallows and marshmallow-type stuff!

Great recipes and information.
