The Art Of Living According To Joe Beef: A Cookbook Of Sorts

Synopsis

Located in a working-class neighborhood of Montreal, Joe Beef is at the center of Montrealâ™s growing reputation as a culinary destination. Often referred to as the Paris of North America, Montreal is the second-largest French-speaking city in the world, and like France, food is at the heart of its identity. In The Art of Living According to Joe Beef, co-owners/chefs FrÃ©dÃ©ric Morin and David McMillan, along with writer and former Joe Beef staff member Meredith Erickson, present 135 unforgettable recipes showcasing Joe Beefâ™s unconventional approach to French market cuisine. Advocating the use of ingredients from local or family-owned producers whenever possible, this collection of hearty dishes delivers. The Strip Loin Steak comes complete with ten variations, Kale for a Hangover wisely advises the cook to eat and then go to bed, and the Marjolaine includes tips for welding your own cake mold. Joe Beefâ™s most popular dishes are also represented, such as Spaghetti Homard-Lobster, Foie Gras Breakfast Sandwich, Pork Fish Sticks, and Pojarsky de Veau (a big, moist meatball served on a bone). The coup de grÃ¢ce is the Smorgasbordâ™ Joe Beefâ™s version of a Scandinavian open-faced sandwichâ™ with thirty different toppings. This cookbook (of sorts) is packed with personal stories, Fredâ™s favorite train trips, Daveâ™s ode to French Burgundy, instructions for building a backyard smoker and making absinthe, a Montreal travel guide, and beaucoup plus. With nearly every recipe photographed in exquisite detail, this nostalgic yet utterly modern cookbook is a groundbreaking guide to living an outstanding culinary life.

Customer Reviews

Delicious! Tasty! After cooking several recipes in this book I can't wait to try more of them. Excellent flavor combinations. We really liked the "Spaghetti Homard-Lobster" and the "Little Sausages" I liked that they ask for ingredients I can easily buy and kitchen tools I've had for years. The book is also about some folks who love their city, Montreal. I'm from NYC and can tell if a local is writing about my town so I was excited to read about their town. If you are going to Montreal forget the travel guides and read this book! The authors even talk about some of their favorite places to eat and shop. There are also sections about train travel, building a smoker (although I won't be) and enjoying wine (although I will be) and some great stories about the recipes, food and friends. After reading this book I think it would be great to hang out with the gang at Joe Beef.

I bought this on the basis that it was featured in 'Lucky Peach' vol 2. And I consider it a great purchase. Surprisingly approachable and user friendly, I've used it twice since I got it a week ago. I made steak tartare as a lunch to take to work and it was viewed jealously by my colleagues. The BBQ sauce is simple but good. I'll have a crack at a few more things over the coming weeks. Buy it. It's surprisingly good and whilst it has a Canadian-centric view, it's not impossible to replicate the recipes. And it's a fun read beyond the recipes. I wish I had a reason to Canada other than to go to Joe Beef...that would be excessive even by my standards. Unless they want to fly me there to do an ironic Australian review for a magazine or something. I wish.

The Art of Living...Joe Beef cookbook is great. It has easy to follow recipes that are straight forward no frills. The flavors are out of control. Definitely not something for the calorie counter. Compared to the Au Pied de Cochon cookbook, Joe Beef is better in my opinion. PDC cookbook is hard to follow and pretty unrealistic in terms of ingredients. Joe Beef offers up alternatives to hard to find items as well as useful facts about Joe Beef from history, inspirations, ideas and even travel tips. Full of great ideas and funny anecdotes. Buy it if you love food.

As a chef and a former resident of Montreal, I eagerly awaited the arrival of this book. More than just a cookbook, although it is an excellent one, it is a monologue, a travelogue, a history lesson and a testament to the beautiful madness of the French Canadians. It is the funniest cookbook you'll ever read and one of the smartest. It left me checking Air Canada flights back to Montreal and dinner at Joe Beef.

What a wonderful read this book is! Whether you've been to Joe Beef or not, it's a fascinating story of a place--Montreal-- as much as a single restaurant. Sharing everything from their favorite train journeys to how to make a backyard smoker, this book is far more than its 135 recipes. Those, however, make great vicarious eating adventures--especially if you are fan of foie gras, red meat and oysters. Here's to Joe Beef and to Frederic Morin and David MacMillan!

This book is really amazing. It made me want to visit Quebec just so that I could eat at their restaurants and experience the food. The food that is found here is unique in that it is French Canadian and you can't really get it anywhere else. I really enjoyed the book and hope to try some of the recipes.

This is far more than a cookbook, although the recipes included are divine. I absolutely loved reading every single page & was sad when it was over. I've learned so much about the art of dining (& drinking!) and can't wait to visit the restaurant in person some day.

I had a difficult time finding this gem in local book stores, but thank God for .com!! I couldn't be happier with this purchase. The book is PACKED with beautiful photos, loads of recipes and stories to keep you entertained throughout. This book would be perfect for the adventurous home-cook as well as the experienced culinary visionaries. This is one of those "cook books" that you leave on the ol' coffee table for a good read or an occassional thumb-through.
