Angel Whiskers: Reflections On Loving And Losing A Feline Companion

Synopsis

Anyone who's ever loved a cat knows the pleasure and comfort these feline companions can bring--and anyone who's ever lost a cat knows the deep sorrow brought on by their passing. This elegant tribute to cats past and present features classic poetry and short stories by authors both famous and unknown, as well as vintage photographs and drawings. These timeless words and pictures offer bereaved owners a chance to express and validate their feelings of grief while celebrating the many qualities that make cats special.

This book contains a lovely collection of written poems and memorials to beloved cats. The Cleveland Amory tale of the passing of Polar Bear is classic and guaranteed to make you weep. Also contained herein is the famous "Rainbow Bridge" poem by Anonymous. But new to me was the answering poem "Request from Rainbow Bridge" by Constance Jenkins, which I had not seen before and which I found to be one of the best pieces in the book. There is a small excerpt from the wonderful little book "Charles: the story of a friendship" by Michael Joseph which is sadly out of print, but well worth the effort of trying to track down a copy. The written tributes were most moving and offer some warmth from the freezing, howling winds of grief at the loss of a beloved "fur-person". The vintage photographs presented with the poems and stories were also surprisingly touching. Looking at them, the love humans had and have for their pets is a tangible and powerful emotion captured on film. I found this book to be much more of a balm for sorrow than "The Heart

that is Loved Never Forgets". It is a good companion book to Philip Schreibman's "My Cat Saved my Life" and would make an extremely thoughtful gift for someone who is mourning their cat.

Whether you are a dog or a cat lover, you will find "Angel Whiskers" especially inspirational, and fully realize the strength and unbreakable bond that exists between humans and animals. The photos, stories, and memorials are those everyone can relate to on a personal level. Both "Angel Whiskers" and "Angel Pawprints" will always provide me with the comfort I need in remembering my beloved pets.

This book has helped me release some of the pain suffered through losing my beloved feline friend. The deep realization that others also mourn such devoted pets, makes one feel less alone. The vintage photographs portray the love people can feel for these remarkable creatures known as Cats.

No matter what the circumstances of your loss, there will be a poem or story here that reflects it. For anyone who has lost a beloved cat or is looking for a way to comfort someone who has, I highly recommend this book.
