Pygmy Goats. Pygmy Goats Pros And Cons, Daily Care, Milking, Health, Training And Costs. Pygmy Goats Complete Owner's Manual.

Synopsis

I love my pygmy goats. They make me laugh every day: their silly attitude, their "smile", the great times we have when we practice their training. They are, in my opinion, seriously amusing animals. Not to mention the tasteful milk I enjoy from them. Thanks Lana, Morine, Seba and Georgie for giving me such a good time. I know, it is a bit silly isn't it, thanking goats, but I just wanted to do it as they are wonderful animals. I hope you enjoy reading this book in which I explain my experience of bringing up pygmy goats. I believe I have covered everything you need to know about keeping your pygmy goat(s): how many best to buy, the pros and the cons, where to buy the, daily care, housing, food and treats, bonding, shopping list you need, milking, health, vaccinations, illnesses, play and enrichment, training (that is really good fun), breeding, total costs, biology, how and a word about the law and insurance. Yes, it's all covered in this book, and more...

Customer Reviews

I have just bought some pygmy goats because my daughter keeps pestering me to buy some as her friend has some goats. This book has given me all the information I need to look after the goats. My daughter loves looking after her goats. As the author says, goats can be funny. We have great fun with our goats and they put a smile on my daughter's face (and mine). Great book, lots of practical information

Haven't read the entire book as of yet I'm about half way through and so far I think it's very informational. You can feel the authors love of pygmy goats as he relays information and

experiences on the animals. I found this book very helpful when making my decision as to whether or not pygmy goat raising is for me.

I haven't purchased the book so inside of book may be ok but the cover picture of the goat is not a pygmy possibly a cross breed or maybe Nigerian Dwarf I have a hard time reading an educational book where someone is going to tell me information when the picture is not correct so makes me wonder if the author knows what they are talking about go to NPGA website National Pygmy Goat Association to see what a true Pygmy goat looks like.

Very good information book.
